

# සංයුත්ත නිකාය—Saṃyutta Nikāya Correlation

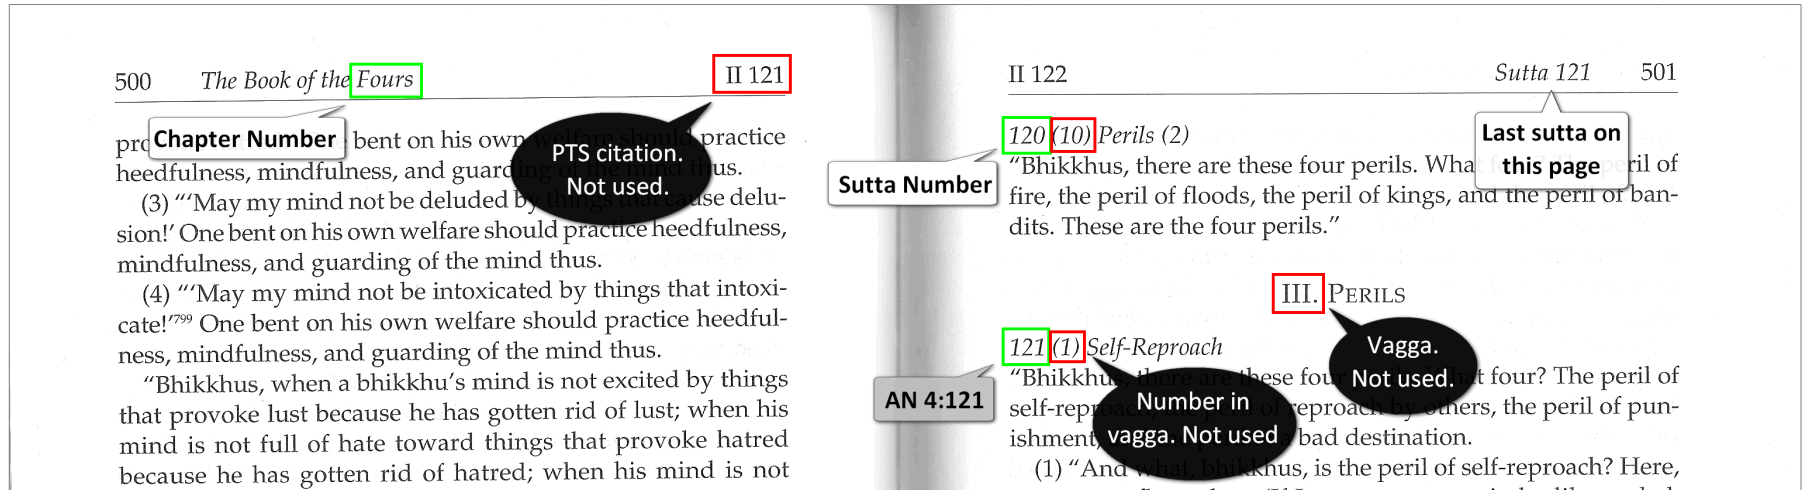

English citations for the Saṃyutta Nikāya are made up of **two parts** (in green). The first part is the saṃyutta number found at the top of the right hand page, a number from 1 to 56. The second part is sutta number, from 1 to however many suttas are in that saṃyutta.

The vagga number found at the top of the left page, the sub-vagga number, and the number within the sub-vagga are **not** a part of the citation (in red).

# අංගුත්තර නිකාය—Aṅguttara Nikāya Correlation

English citations for the Aṅguttara Nikāya are made up of **two parts** (in green). The first part is the chapter number found at the top of the left hand page, a number from 1 to 11. The second part is sutta number, from 1 to however many suttas are in that chapter. The Siṅhala book numbers (1-6) are not used. You can easily find the sutta number of the last sutta on the page by looking at the outside top of the right page.

The vagga number, and the number within the vagga are **not** a part of the citation. The numbers at the top of the page near the spine are used for the PTS citation and are not a part of the English citation. (in red)
